

One of Those Nights (feat. The Weeknd)

Juicy J

Hey, I'mma visit the sky today
Hey, I'mma dance on the clouds today
And make it rain, on everybody beneath us
Just cause they try, doesn't mean they can be us
No, nobody can be us I'm tryna sink in some gin
I need, I need, I need, I need, I need
And all this Hennessy got niggas in here hating on me, on me, on me, on me
But if the neighbors know my name then, then I'm doing something right
And if their mamas know my name, and if their homies know my name then
Then I'm doing something right
And if their girlfriends know my name
Just cause she loves you, don't mean she understands
I don't give a damn, I'll make her fuck the band
I already know, I've seen her at my show hanging out XO all day
And her friend's a freak
She can't feel her throat, she can't feel her knees
And I'm not tryna talk (no)
I'm not tryna walk Just lift me out the club One of those, it's gonna be one of those nights One of
those, it's gonna be one of those nights
Weed blowing, champagne poppin' (champagne poppin') Got that drink flowing, champagne
poppin' (champagne poppin')
Pounds of weed, sour d
That medical for my allergies
In the hotel with your girl
For 'bout a week, shootin' a shower scene
She a bad chick like Bryan Parker
Rolled the blunts in my flying saucer
Juicy J, the new skywalker, I'll put your hoe in a body auction
When I'm having fun, I'm still getting paid
Got a whole lot of mud in my Minute Maid
Stay riding through the city with my twelve gauge
Hating ass niggas, get it any day
Got a house on the hill cost a couple of mill
Juicy J got bank like uncle Phil
Keep snow bunnies that like popping pills
Keep a double cup, I like cracking seals
Y'all niggas shit, I'm still going strong
Bought the loudpack now I'm in my zone Rolls Royce got me feeling like King Tut
Got my codeine cups, bout to drink up
If you're talking about money, we can link up
Bad red boned bitch, body inked up Your girlfriend coming home with me And when she alone
with me, she gonna suck dick and she don't spit

Or I'mma put that bitch back on the streets
I'm kicking it with girls that be going biCause their pussy is the best and their head fire
One of those, it's gonna be one of those nights
One of those, it's gonna be one of those nights
Weed blowing, champagne poppin' (champagne poppin')
Got that drink flowing, champagne poppin' (champagne poppin')
Hey, I'mma visit the sky today
Hey, I'mma dance on the clouds today
And make it rain, on everybody beneath us
Just cause they try, doesn't mean they can be us
No, nobody can be us
Got that weed blowin', champagne poppin', champagne poppin'
Got that drink flowin', champagne poppin', champagne poppin'
