

Wildfire

Aaron Watson

River strong you can't swim inside it
We could string some lights up the hill beside it
Tonight the moon so bright you could drive with your headlights out
Cause a little bit of summers what the whole years all about Girl you look fine fine fine
Put your feet up next to mine
We can watch that water line get higher and higher
Say say say ain't this been some kinda day
You and me been catching on like some kinda wildfire
Don't get up just to get another
You can drink from mine
We can't leave each other
We can with the day you can rest your head on my shoulder if you wanna get older with me
Cause a little bit of summer makes a lot of history Girl you look fine fine fine
Put your feet up next to mine
We can watch that water line get higher and higher
Say say say ain't this been some kinda day
You and me been catching on like a wildfire Girl you look fine fine fine
Put your feet up next to mine
We can watch that water line get higher and higher
Say say say ain't this been some kinda day
You and me been catching on like a wildfire
Girl you look fine fine fine
Put your feet up next to mine
We can watch that water line get higher and higher
Say say say baby ain't this the best of days
You and me been catching on like a wildfire
