

Love Like That

[Snoh Aalegra](#)

You say nothing's wrong at all, baby

I say that we falling off lately

Maybe we just ain't been on the same page

In my mind, I'm done fighting

In your heart, you keep trying

And the truth is I hide it

That's just the way we are

Can't say you love me when it's like that

Can't say I love you when it's like that

If it was new, it wouldn't be like that

To everybody else, it would just all be mad

But I love when we make up like that

And you love it when I make you mad

But maybe we just love like that

Yeah, maybe we just love like that

The times I don't want you around

You do something to make me smile, and

It's hard for me to try to doubt this feeling

Yeah, we could just walk away

Yeah, we could just stay away

The things I love about you, I can't change, no no no no

In my mind, I'm done fighting

In your heart, you keep trying

And the truth, we don't hide it

'Cause that's just the way we are

Can't say you love me when it's like that

Can't say I love you when it's like that

If it was new, it wouldn't be like that

To everybody else, it would just all be mad

But I love when we make up like that

And you love it when I make you mad

But maybe we just love like that

Yeah, maybe we just love like that

Can't say you love me when it's like that

Can't say I love you when it's like that

If it was new, it wouldn't be like that

To everybody else, it would just all be mad

But I love when we make up like that

And you love it when I make you mad

But maybe we just love like that

Yeah, maybe we just love like that

But maybe we just love like that

Yeah, maybe we just love like that
