

Sudan Village

Seals & Crofts

See that girl all dressed in green. Sudan Village, we
hear you.

Prepare to receive your King. Sudan Village, we hear you.

Our hearts long to be there too. Sudan Village, we hear
you.

Calling: We are brothers! We are brothers!

See that boy down by the stream. Sudan Village, we love
you.

Come take part in God's great scheme. Sudan Village, we
love you.

Tell your people to rejoice. Sudan Village, we love you.

Calling: We are brothers! We are brothers!

You're looking for the sun. Bring it on down and shine it
all around.

There's people I know hangin' around, won't they be glad
you found.

Found the sun. Beautiful morning, in a world that's fast
asleep.
