

# Who Cares?

Gnarls Barkley

Basically I'm complicated  
I have a hard time taking the easy way  
I wouldn't call it schizophrenia  
But I'll be at least 2 people today If that's okay And I can go on and on and on... but who  
cares? It's deep how you can be so shallow  
And I'm afraid cause I have no fear  
And I didn't believe in magic  
Until I watched you disappear  
I wish you were here And I can go on and on and on... but who cares? You see, everybody is  
somebody  
But nobody wants to be themselves  
And If I ever wanted to understand me  
I'll have to talk to someone else Cause every little bit helps And I can go on and on and on... but  
who cares? Feels like... the surreal life  
But it's still nice  
Wish I could live twice  
But I still might  
If these bones heal right  
I see a little light  
Though it's still night  
Feels like... surreal like  
But it's still nice  
Wish I could live twice  
But I still might  
If these bones heal right  
I see a little light  
Though it's still night And I can go on and on and on... but who cares? And I can go on and on  
and on... but who cares?
