

Phantom

Smokepurpp

Smokin' on a thoink, can ya smell that?

Put a hundred bands in a duffle bag

Pulled up in a Ghost, where the roof at?

Gucci's on my toe, to my dura

Wock in my Fanta

Came in a two door Phantom

Wock in my Fanta

Lil' Purpp really got the bands up

Lean in my Fanta

Came in a two door Phantom

Wock in my Fanta

Came in a two door Phantom

Lean in my Fanta

Came in a two door Phantom

Lean in my Fanta

Came in a two door Phantom (leaaan)

Wock in the Fanta

Came in a two door Phantom

I don't want friends I want Audi's

Your bitch she givin' me toppey

Lil Purpp just came in a Masi
Bust down, just caught me a body
Young Purpp first like a wrestler
Get the work straight from Mexico
Got a foreign bitch, do a lot of coke
And she countin' money by the peso
Diamond on my neck and it look like glitter
Gucci Gang fuck twin sisters
When I get a check, yeah they call me mister
Call Mary Kay, wanna fuck her sister
They like damn Smokepurpp, how you do that?
You just flow on a track and you kill that
And you thought you had the sauce, but you spilled that
Put a hundred in the safe like at Chase Bank
Nigga run up on me see my bad side
Got a bad bitch and a backside
All this water on me like I'm baptized
They be switchin' gang, stay on that side
Bitch I'm Lill Purpp, do a lot of fraud
I be road runnin', crash a lot of cars
Go to Saks Fifth, spend like thirty bands
Walkin' out of Gucci with a Louis bag
Smokin' on a thoink, can ya smell that?
Put a hundred bands in a duffle bag

Pulled up in a Ghost, where the roof at?

Gucci's on my toe, to my dura

Wock in my Fanta

Came in a two door Phantom

Wock in my Fanta

Lil' Purpp really got the bands up

Lean in my Fanta

Came in a two door Phantom

Wock in my Fanta

Came in a two door Phantom

Lean in my Fanta

Came in a two door Phantom

Lean in my Fanta

Came in a two door Phantom (leaaan)

Wock in the Fanta

Came in a two door Phantom
