

# Try With Me

Nicole Scherzinger

Now you said, leave your keys on the counter  
And you said, call me back at eight  
I don't care , that you left me there for hours  
That you left me there for hours  
But you said, we had what it takes Why's it feel like you're there  
When you're already gone  
Why's it feel like you care  
When I know that you don't  
Everybody needs a chance at love  
That's all we need  
If you wanna have a chance at us  
Then try with me  
Too proud for love, he tells me  
Too hard to give it one more shot  
Don't drawl me in, he wants me  
But now it's too late to give up So don't say, you leave your keys on the counter  
And don't say, call me back at eight Why's it feel like you're there  
When you're already gone  
Why's it feel like you care  
When I know that you don't  
Everybody needs a chance at love  
That's all we need  
If you wanna have a chance at us  
Then try with me Don't say a word  
You know that it hurts  
You know that it hurts  
You know that it hurts  
Don't say a word  
You know that it hurts  
You know that it hurts  
You know that it hurts Why's it feel like he's there  
When I know that he's gone  
Why's it feel like he cares  
When I know that he don't  
Everybody needs a chance at love  
That's all we need  
If you wanna have a chance at us  
Then try with me Then try with me  
Then try with me  
Then try with me Don't say a word  
You know that it hurts  
You know that it hurts

You know that it hurtsDon't say a word  
You know that it hurts  
You know that it hurts  
You know that it hurts
