

Walk You Home (feat. Sam McTrusty)

Just Like Vinyl

Had to walk right by you and not say a word
It seems so absurd

Take your?last?breath
Not like you?need the oxygen
[?] doubting me
And tell?them too
What was meant to be
And what can never be again!

What do you see?
What did you see in me anyway?
Ball up and cry yourself to sleep
Get down and shut up
Now you listen to me

Had to walk right by you and not say a word
It seems so absurd
Too caught up in the moment
Another snarky comment
I will ruin this while we take turns!

[Chorus]
She won't fall in line
We will walk home tonight
She won't fall in line
We will - we will - WE WILL!

[Chorus]
She won't fall in line
We will walk home tonight
She won't fall in line
We will - we will - WE WILL!

Oh we will! We will!
(We will!)
