

Who Came Up Missin

Arin Ray

Who came up missin'?

I know who didn't (I think it was me)

You heard about it

I wouldn't doubt it (Ooh, I don't want her)

Let's groove to the beat of our hearts

Even though they could tell on you (Follow me)

Only have it be us

And touch

In love

(In love)

Who came up missin'?

I know who didn't

I heard about it

I wouldn't doubt it

Let's groove

Who came up missin'? (Let's groove, let's groove)

Who came up missin'?

Who came up missin'?

Who came up missin'?
