

# Hope She'll Be Happier

**Bill Withers**

[Verse 1]

Maybe the lateness of the hour  
Makes me seem bluer than I am  
But in my heart there is a shower  
I hope she'll be happier with him

[Verse 2]

Maybe the darkness of the hour  
Makes me seem lonelier than I am  
But over the darkness I have no power  
Hope she'll be happier with him

[Bridge]

I can't believe that she don't want to see me  
We lived and loved with each other so long  
I never thought that she really would leave me  
But she's gone

[Outro]

Maybe the lateness of the hour  
Makes me seem bluer than I am  
But in my heart there is a shower  
Hope she'll be happier with him
