

If I Know Me

Morgan Wallen

You say you need a couple credits 'fore they let you out of college
I bet you bought that beer with your daddy's card
You're lookin' like you probably get a little tired of all this
Attention that you're gettin when you go to the bar

We can take a different route
I know you're from a different town
But you're here for now
So what you say we get on out?
To see where this night leads

If I know me, I have you hoppin' up in my passenger seat
Then I take you home and you ain't gonna wanna leave
Make a little love at a quarter past three
Gotta keep it down 'cause your roommate is home
Honey, when the sun comes peeking through the trees
You ain't gotta worry 'bout what it might be
'Cause I bet it won't be the last time you're wakin' up next to me
If I know me
If I know me

This ain't some routine that I use every Friday
This ain't a one line one night kiss and tell
But ever since I caught you looking over my way
All that I could do was tell myself

If I know me, I have you hoppin' up in my passenger seat
Then I take you home and you ain't gonna wanna leave
Make a little love at a quarter past three
Gotta keep it down 'cause your roommate is home
Honey, when the sun comes peeking through the trees
You ain't gotta worry 'bout what it might be
'Cause I bet it won't be the last time you're wakin' up next to me
If I know me

I could just change my mind
And leave my number in your phone
Give you a kiss good night
And go home alone

But if I know me, I have you hoppin' up in my passenger seat
Then I take you home and you ain't gonna wanna leave
Make a little love at a quarter past three

Gotta keep it down 'cause your roommate is home
Honey, when the sun comes peeking through the trees
You ain't gotta worry 'bout what it might be
'Cause I bet it won't be the last time you're wakin' up next to me
If I know me
