

# I'm so Groovy

## Future

I am Pluto  
Never forget, never forget  
Okay I'm so groovy  
I got power  
I'm so groovy  
I got power  
That's your bitch?  
I just bought her  
Oh that's your bitch  
I just bought her Percs and molly  
Plain Jane  
I just fucked her face  
I don't know her name  
Tom Brady, Tony Snow  
I just backdoored your ho  
Goin' brazy at the jeweler  
I just suicide my doors  
Candy yams in the 'partment  
Living like Nino  
I just come here, let me breathe  
VVS's on my sleeves  
Pure molly, codeine  
Blind your eye with my ring  
You ain't ever gon' to see me  
I get Stella McCartney  
High fashion  
John Madden  
Bisex  
No relation  
Bought the jet  
60K  
Austin Power  
M.I.A  
Steven Seagal  
Hard to kill  
Stuff cigars  
Hide your broad  
She photoshopped  
I'm photogenic  
I just bent the Bentley  
Did a U-turn  
Duck the cops

Serving rocks  
Made it to the top, uh huh  
Fucking going platinum  
I'm so groovy  
I got power  
I'm so groovy  
I got power  
That's your bitch?  
I just bought her  
Oh that's your bitch  
I just bought her Percs and molly  
Plain Jane  
I just fucked her face  
I don't know her name I'm the last don, I'm the last con  
Done turned it up to an icon  
Pimpin' hoes nigga ugh  
Thoughts exposed niggas huh  
Paper tags on the yacht  
I just smashed in the clouds  
Thousand bags in the clouds  
Louis rag, wipe me down  
Cash king on a clown  
So prestigious, so profound  
Cash cloud, let me live  
50 cars at the crib  
Private dinners on the leer  
VTS's when I steer  
Instant glam on my ear  
Outer space when I appear  
Promethazine in my seal  
A yellow bone in the rear  
Dopple god, I'm in here  
Fuck your squad, they some queers  
My conversation bringing mills to ya  
I get my brother bring the bail to ya  
Killas on the right and the left to ya  
Gang gang, whatever's left of ya I'm so groovy  
I got power  
I'm so groovy  
I got power  
That's your bitch?  
I just bought her  
Oh that's your bitch  
I just bought her Percs and molly  
Plain Jane  
I just fucked her face  
I don't know her name  
I don't know her name  
(I don't know her name) Sitting in the vert

Got a lotta dirt  
Courtroom flow  
Now I'm sitting courtside with your ho  
Addy's work miracles  
Benji's subliminals  
Uptown Lenox  
All about the Benji's  
Pour a little Henny  
Totin' the semi  
Making love with my diamonds on  
Diamonds on honeycomb  
Hit 'em with the stick  
I just copped the deuce  
Syrup like Denny's  
Bitch brown like a penny  
Total it up in one minute  
Out of the country all hidden  
Playing in with the trenches in a suit  
Armani got me with the juice  
Made a bad bitch my masseuse  
Take a little stress off the crew I'm so groovy  
I got power  
I'm so groovy  
I got power  
That's your bitch?  
I just bought her  
Oh that's your bitch  
I just bought her Percs and molly  
Plain Jane  
I just fucked her face  
I don't know her name  
I don't know her name  
(I don't know her name)
