

Why We Drink

Justin Moore

'Cause it's Friday
'Cause it's Monday
'Cause it's a charcoal burning Sunday
'Cause we ain't gonna get to one day
That's why we drink 'Cause the sun's up
'Cause it's sundown
'Cause my wound up needs a little unwound
'Cause we've been working all day but we're done now
Yeah, that's why we drink 'Cause they're ice cold
'Cause it's hot out
'Cause we're Jon Boat sitting with the line out
'Cause we're a little messed up, but it's cheaper than a dang old shrink
'Cause we're grown up
'Cause we're still kids
'Cause we love doing things 'cause our daddies did
'Cause it's alcohol abuse if you pour one down the sink
Yeah, that's why we drink 'Cause our team lost
'Cause our team won
'Cause Sweet Home Alabama just came on
'Cause we're looking for a reason to raise one
Yeah, that's why we drink 'Cause they're ice cold
'Cause it's hot out
'Cause we're Jon Boat sitting with the line out
'Cause we're a little messed up, but it's cheaper than a dang old shrink
'Cause we're grown up
'Cause we're still kids
'Cause we love doing things 'cause our daddies did
'Cause it's alcohol abuse if you pour one down the sink
Yeah, that's why we drink To good friends, good times, you and me
To the red, white and blue boys and girls overseas 'Cause they're ice cold
'Cause it's hot out
'Cause we're Jon Boat sitting with the line out
'Cause we're a little messed up, but it's cheaper than a dang old shrink
That's why we drink 'Cause we're grown up
'Cause we're still kids
'Cause we love doing things 'cause our daddies did
'Cause it's alcohol abuse if you pour one down the sink
Yeah, that's why we drink Yea-ea-eah
That's why we drink
That's why we drink
