

Beautiful World

Kem

Whatever will be,
It will be
Wont let the weight of this world
Burry me
We all want a place in the sun
Come whatever, what may
It is gone
Will you walk out on water?
Will you breathe on Heavens door?
Will you leave or have to follow
Or will you leave or have to walk?
The beautiful world here
The beautiful world here
Come suffer with me
Im your friend
There is a river of love
At your hands
Takin troubles and hurting to the sea
Shine your light on the world
And be free
Will you walk out on water?
Will you breathe on Heavens door?
Will you leave or have to follow
Or will you leave or have to walk?
Only faith can ease your burden
Only love can heal the hurt
Let your peace all on the air
A beautiful world
Its a beautiful world
A beautiful world
Its a beautiful world
You know it
Its a beautiful world
Its a beautiful world
Its a beautiful world
Nanananana
Alright
Its a beautiful world
Nanananana
Its a beautiful world
Will you walk out on water?
Will you breathe on Heavens door?

Will you leave or have to follow
Or will you leave or have to walk?
Only faith can ease your burden
Only love can heal the hurt
Let your peace all on the air
A beautiful world
Yeah
A beautiful world
A beautiful world
