

# Addicted (feat. Snoop Dogg & DJ Quik)

[TeeFLii](#)

Let's have a lil Henny, refill your cup  
Tonight we wanna have it, only one fuck  
You gon' get addicted, you gon' get addicted  
We all on the floor, showin' ah-ah  
You gon' get addicted, you gon' get addicted  
You gon' get addicted, yeah Round and round, can I trade places with you?  
Goin' up and down, yeah yeah-yeah  
I'll let you ride it if you just climb on top  
Don't stop fo' nothin', Annie, do what you do, yeah  
I ain't playin' with you, girl  
When we bumpin' and grindin', oh, all night  
Another cold one, girl, now you want me  
Listen here, Annie, yo girl been on me  
Annie, are ya walkin'? You say that you couldn't be  
Fly as a muthafucka, bitches is on me  
Crenshaw District, look at what we did here  
Now I'm in the Valley, fuckin' with a rich bitch  
Swing, bada-bing, bada-bong  
Seen with a G, gotta go  
Baby girl, he ain't gotta know  
I keep it all the way, undercover light  
It show you another life  
Get prepared to be whipped, spooned and gloved  
Dip the flare (!) with my dick  
I'm a go in like the first firemen on the scene  
'S a way to chill the smoke, nahwimean?  
I wanna have a straight menage a troix  
Both 'em pussies fat like some Foie gras  
The way I talk to the pussy like a toddler  
I say coochie coochie coo, then I gobble 'er  
I got a lotta lights, but this my favorite review  
Leave eyes to her hips and let her hair show through  
And even if that pussy's got a lil whif  
I'm a still take it and treat it like a gift  
I'm addicted, I stopped and went down and licked it  
Kick back on a shrub, because the pussy's a drug
