

Simmer (feat. Burna Boy) [iLL BLU Remix]

Mahalia

[Verse 1: Mahalia]

Sometimes you love too hard

Sometimes you go too far

Now I won't want you if you need me

Real things do not come easy, no[Pre-Chorus: Mahalia]

Never been your average girl

So take time with me, take time

Baby, talk to me with some action

We can find a place for your passion, oh

[Chorus: Mahalia]

Cool down, simmer

Cool now, please me

Cool now, sinner

Cool down, love

Cool now, simmer

Cool now, please me

Cool now, sinner

Cool down, love

Cool now, simmer

Cool now, please me

Cool now, sinner

Cool down, love, love[Verse 2: Mahalia]

Sometimes I want you close

Sometimes I want my space

Just know I'm gonna call if I need you

It's not my job to please you

[Pre-Chorus: Mahalia]

Never been your average girl

So take time with me, take time

Baby, talk to me with some action

Think I got a place for your passion[Chorus: Mahalia]

Cool now, simmer

Cool now, please me

Cool down, simmer

Cool down, love

Cool now, simmer

Cool now, please me

Cool now, simmer

Cool down, love

Cool now, simmer

Cool now, please me

Cool now, simmer

Cool down, love, love
Boy you make it too hard for me to stay here
Boy you're making it hard for me to be your love, love
So cool now, simmer, simmer[Verse 3: Burna Boy]
Baby, you're make me tell you this
I won't waste no time, I'll be proceeding quick
The way you're moving lately got me feeling sick
Like sey you've forgotten who you're dealing with
Man, ah real bread winner me work nonstop
You no cook no dinner when I come back
Something wrong with ya, come out from that
If me walk and leave ya, me nah come back[Bridge: Mahalia]
You're falling, but you don't wanna fall too hard
You're falling, but you don't wanna fall apart
'Cause it might break if I give you my heart
And you hold on too hard (too hard, hard)[Chorus: Mahalia]
So cool down, simmer, simmer
Cool down, simmer
Cool now, please me
Cool now, sinner
Cool down, love
Cool now, sinner
Cool now, please me
Cool now, sinner, simmer (si-si-simmer)
Boy you make it too hot for me to stay here
Boy you're making it hard for me to be your love, love[Outro]
Simmer, simmer
