

Not Gonna

702

I've got to find me a new guy[Orish]
Mmm, Butterfly hah
Dimples, Meelah, Orish
702, yeah
Mmm, hah
Yeah uh uh uh uh(Meelah)
Oh why oh why so stupid of me (so stupid of me)
To take you back so easily (that's right)
I'm going going out of my mind (wooo)
(Out of my mind)
To take you back a second timeBridge
Why must you put me through so much heartache and pain
Tell me am I insane to let you do me this wayChorusI'm not gonna take you back
Cause boy I don't play that
No matter what you say
Forget you love like again
I'm not gonna take you back
Cause boy I don't play that
No matter what you say
Forget you love like again(Meelah)
Oh no oh no how dumb could I be (no no)
To think that you love me (when I hear ya)
These lies all the time (yeah)
I should've known you weren't mineBridge
Why must you put me through so much heartache and pain
Tell me am I insane to let you do me this wayChorusI'm not gonna take you back
Cause boy I don't play that
No matter what you say
Forget you love like again
I'm not gonna take you back
Cause boy I don't play that
No matter what you say
Forget you love like againOh no oh no where did you go (where did you go)
Why did you leave me all alone (leave me alone)(Meelah)
You're spending most of your time
With other tricks on your mindI've got to find me a new guy
(Got to find me, a new guy, see I, can do it again)Look what you've done to me
You broke my heart
Put a burden on me
So torn apart
Look what you've done to me
You broke my heart

Put a burden on me
So torn apart
Chorus I'm not gonna take you back
Cause boy I don't play that
No matter what you say
Forget you love like again
I'm not gonna take you back
Cause boy I don't play that
No matter what you say
Forget you love like again
I'm not gonna take you back
Cause boy I don't play that
No matter what you say
Forget you love like again
