

I'm Content With Losing

Underoath

Like I said
Leave your baggage at the back door
I'm leaving you the way I think it should be
We're always pulling into spaces that we can't back out of
Starting fights we can't talk our way out of them

How does it feel to be on the receiving end of this one, of this one?

[Chorus]

I'm half way there and it's all on me
This is what I get for wanting more, for wanting more
This is the way it's got to be
Dancing on all these changes
So I walk around with this rope in my hand

So I'll tie it around and around and around
I'll tie me down

I'll fantasize of being manic
And leaving us behind
In your eyes you were the one that tried

Acceptance is what holds us here
And you, my dear, are the one I fear tonight
We'll try just one more time

This is the moment that we all live for
Are you ready? Are you ready, yeah?

[Chorus]

I'm half way there and it's all on me
This is what I get for wanting more, for wanting more
This is the way it's got to be
Dancing on all these changes
So I walk around with this rope in my hand

So I'll tie it around and around and around
I'll tie me down

So I'll tie it around and around and around

I'll tie me down

You can't see past my waving hands
Just running away again
You can't see past my waving hands
Goodbye

You think so loud it hurts my ears
I want to know how to get through this
How to get through this without choking up
I can't feel you, you're so far from me

I'm half way there and it's all on me
(This is what I get for wanting more)
