

Wasted Years

Maroon 5

[Verse 1]

Slow is the memory
And I can picture her standin' right in front of me
Said that I'm behaving badly
And kind of driving her crazy
But I know she wants me
I remember everything
Her sweat, it tastes like sugar cane
And sitting on top of me, yelling out my fucking name
Until I'm empty
But I know she wants me

[Chorus]

But I have already tried to explain myself
It's not that I love someone else
But I can't bear to listen to you cry, yeah
Sick of all these wasted years
Drowned in someone else's tears
You let me down, now I'm hanging you out to dry

[Break]

Oh, oh, oh, oh, oh, oh, oh, oh
Yeah, yeah, yeah

[Verse 2]

And I'll see you when I get back
Maybe we can get ourselves back on the right track
You touch me there because you know how much I like that
I think that we both need to relax, you know you want me
All the time and everywhere
A happy surface, but the underbelly isn't there
And the worst thing is that I don't even really care
And the emptiness is too much to bear

[Chorus]

But I have, have already tried to explain myself
It's not that I love someone else
But I can't bear to listen to you cry
Sick of all these wasted years
Drowned in someone else's tears

You let me down, now I'm hanging you out to dry

[Bridge]

'Cause sometimes I don't know what to do
I'm scared to stand right in front of you
The way our pain subsides
Can't bear the stare of your teary eyes
I know you feel like it's hard to stay
In fact, you may just wanna run away
Now all that I can really say is baby, oh
Deep down you know, yeah

[Chorus]

I have, have already tried to explain myself
It's not that I love someone else
But I can't bear to listen to you cry
Sick of all these wasted years
Drowned in someone else's tears
You let me down, now I'm hanging you out to dry

[Chorus]

Already tried to explain myself
It's not that I love someone else
But I can't bear to listen to you cry
Sick of all these wasted years
I'm drowned in someone else's tears
You let me down, now I'm hanging you out to dry

[Outro]

Oh, no, no, oh, no, no
You dry
