

Smoke Tree

Rucka Rucka Ali

I'm Chinee

Take a pee

Everybody in the house, smoke tree

I be a cop,

Do I look Chinee?

But before, we used to roll with the drugs, in the West B under the gazebo

This is how we used to smoke rocks and the trees, yo

I got pulled over, driving by Phillipino

I kill the Po-Po, while I swallow the Kilo

The police told me to switch on my headlights

He still pulled me up when I run through the red light

I rolling from the bar east going like twenty

I bang that hoe!
