

Do It Like This

Chase Rice

That old foreign road
That's where we go
We... we aint got no VIP
No rope tied between each tree
Put on up make yourself at home
Shit we... no we aint gotta play DJ
We gotta speakers and a Chevrolet
Rock and Randall Hank
Singing them new south songs... yeah
Mmm so come on shake your moneymaker
Oooh you aint nothin but a heartbreaker
Yeahh girl your killin me
I gotta take ya out for a midnight ride... damn
Heyy we break out the fiddle
Stay up all night
Aint got no disco ball to kick around the fire light
Oooh we jump in the river
And get your skinny dip on
Feel like we walkin on water
Rockin your body till the cows come home
And give the jar a little twist
Let ya take a little sip
Can't wait to taste it on your lips
To end the night with a kiss we do it like this
(Come on down here boy)
Yeah we... we just tryin to do our thing
Got catfish stretchin on our string
Night crawlers country ballers got it made
Yeah you. in the pretty pink cowboy boots
Gotta front row tailgate view
Me and the man and the moon
Can't stop looking your way nah
Mmm so come on shake your moneymaker
Oooh you aint nothin but a heartbreaker
Yeahh girl your killin me
I gotta take ya out for a midnight ride... damnHeyy we break out the fiddle
Stay up all night
Aint got no disco ball to kick around the fire light
Oooh we jump in the river
And get your skinny dip on
Feel like we walkin on water
Rockin your body till the cows come home

And give the jar a little twist
Let ya take a little sip
Can't wait to taste it on your lips
To end the night with a kiss we do it like thisHeyy we break out the fiddle
Stay up all night
Aint got no disco ball to kick around the fire light
Oooh we jump in the river
And get your skinny dip on
Feel like we walkin on water
Rockin your body till the cows come home
And give the jar a little twist
Let ya take a little sip
Can't wait to taste it on your lips
To end the night with a kiss we do it like this
