

# Get Low

## Tyrese

Girl go on drop that shit for the homie Black-Ty  
Drop, drop, get low  
Drop, drop, get low wit it  
Girl I wanna see that ass on the pole  
Drop, drop, get low wit it  
Drop, drop, get low  
Drop, drop, get low wit it  
I wanna see you shake that ass on the pole  
Look at daddy's little girl, dancin on the pole  
Look at daddy's little girl 25 years old  
I like it when they nice and grown, they make me moan  
They love gettin freaky when daddy's not home  
She ain't afraid to get freaky in the parkin lot  
She goes straight to the head, she don't talk a lot  
Scorpios are the freakiest hoes  
They be walkin 'round mad, cause they gotta wear clothes  
Nope, uh-uh, not with me  
I was born on the West, girl I'm off the heezy  
I don't need extacy, I already a freak  
Girl just get on your knees and - drop drop drop drop  
(Go on drop it girl!)  
Drop, drop, get low wit it  
Drop, drop, get low  
Drop, drop, get low wit it  
Girl I wanna see that ass on the pole  
Drop, drop, get low wit it  
Drop, drop, get low  
Drop, drop, get low wit it  
I wanna see you shake that ass on the pole  
You like a Chinese acrobat  
But can you do a backflip in my Cadillac?  
Jump out on the corner like you on the stage  
When you meet a pimp, what you think I'm gonna say?  
BIATCH! Cause I know yo' style  
I'm the kind of nigga make hoes go wild  
BIATCH! How you do that shit?  
Sideways on the pole, baby do that trick  
Cause while they wanna buy you bitches cars  
When you dance, you make niggaz dicks get hard  
I gotta give you my money cause I want a lapdance?  
What you wanna do, make me cum in my pants?  
You a nasty little bitch and I'm a cool playa  
I'ma spank you on your ass and I'ma pull your hair

You think I wanna fall in love and move us up in a house?  
 Nah bitch, I wanna bust a nut in your mouth, biatch Drop, drop, get low wit it  
 Drop, drop, get low  
 Drop, drop, get low wit it  
 Girl I wanna see that ass on the pole  
 Drop, drop, get low wit it  
 Drop, drop, get low  
 Drop, drop, get low wit it  
 I wanna see you shake that ass on the pole Can you click it, can you clap it, can you make it  
 pause?  
 Can you slide down a pole while holdin my balls?  
 First you put it in, and then you take it out  
 Get low on the flo' ho, now turn it out Biatch what you got for me? Money bubble cushy  
 Another way to get it or another piece of pussy  
 I heard she was the fire, well why you say that?  
 Cause she pay what she weigh homie, bring her to the back So I can put dick on her, dick in her,
