[Verse 1]

[Kaine]

Let me see ya make that pussy fart, good Lord
Make it shake like a salt shaker, too hard
Get it up 'til you can't, huh, no mo'
See I love when you hoes take it to the floor
Baby bounce biggy bounce, huh, it's on you
Shawty, you can twurk in your skirt, if you want to
See we came to keep it crunk for ya, all night
For the dub in the club show me, what I like

[D-Roc]

Freak bitch make money in da club
Them hoes like to take it off for a thug
You can't come wit' nothin' less than a dub
Or she lookin' at your ass like a scrub
Them hoes like it when a nigga showin' love
And she'll show you what she really made of
I guarantee your ass wouldn't get enough
Tell her, "Pop that shit, drop that shit, WHAT!"

[Verse 3]

[D-Roc]

Some of these bitches be real, they hard knock
Once you get 'em crunk, they start, they want stop
Hoes get naked for cheese, they love that
Take the baddest bitch in the club, I fucked that
Some these bitches been crunk since first day
Some of these bitches in the club, they don't play
Half of these bitches who shake it, they turn gay
Niggas gon' pay to see pussy anyway (Ahh, ahh)

[Kaine]

Some of these niggas be walkin' a thin line
Fuckin' wit' them hoes in no clothes and on pine
Baby girl out to get money, she gon' shine
Every day of work she gon' be there on time
Pussy poppin', shawty be sweatin' like she noid
Kinda like the way that thang beat like a heart
Turn around, yeah, that's it, good Lord
Tryin' to do a Chinese split and make it fart

[D-Roc]

Ying Yang in this thang, from the A-T-eeL
Whistle while you twerk if you really real
Fall in this club smellin' like some wood
That's a new cologne in my neighborhood
Girls get crunk in the Player's Ball
If you sit down, get up off the wall
Players always speak and the females flirt
If you get crunk, whistle while you twurk

[Chorus: Kaine & (D Roc)]
