

Lotto (feat. 50 Cent)

Rotimi

[Verse 1: 50 Cent]

(I just hit the..) jackpot, got the right 7 digits

Why call to kick it when I can come through to visit?

It won't be long 'fore a nigga get to know you right

Show you right, couple of hot spots we can go to tonight

I watched her, waist trained proper

Either it's genetics, or she got the right doctor

Strobe lights when she move to seduce me

Make a nigga wanna go sushi

[Verse 2: Rotimi]

I just hit the lotto

Pull up to the V.I.P., pop a bottle

Tell me what you want and I got it

She said she's from Nevada

She said she goes to school in Chicago

But she wanna dance, and she model

Girl, with a body like that and an ass like that

Drop it to the floor, bring it, bring it right back

You know I be on, baby, just like that

You know what to do with it

[Chorus: Rotimi & 50 Cent]

It's just the way I feel with you, baby

It's just the way I feel with you, baby

I just hit the lotto, I just hit the lotto

Jackpot, got the right 7 digits

I just hit the lotto, I just hit the lotto

Jackpot, got the right 7 digits

I just hit the lotto, I just hit the lotto

[Verse 3: 50 Cent]

Ask about me, I'm persistent, consistent

I put a hand on it and told her kiss it, she kissed it

I'm not the one that broke her heart, I fix shit, I fixed it

Type nigga runnin' 'round always saying slick shit

The kind of the right mind, you can deal with

Hit my line at the right time, we can chill, sip

And sip on somethin' and let your feelings out

When it's just you and me, that's what it's really 'bout

[Chorus: Rotimi & 50 Cent]

The way I feel with you, baby

It's just the way I feel with you, baby

I just hit the lotto, I just hit the lotto

Jackpot, got the right 7 digits

I just hit the lotto, I just hit the lotto

Jackpot, got the right 7 digits
I just hit the lotto, I just hit the lotto

[Verse 4: Rotimi]

You better believe that I got her
And the 3 right behind her
They said they wanna follow
So I grab another bottle
Showtime, no Apollo
I know you're catchin' the vibe
Tell by the look in your eye
Girl, you know I
We gonna get active tonight
I hit the jackpot tonight
I can't deny

[Chorus: Rotimi]

It's just the way I feel with you, baby
It's just the way I feel with you, baby
I just hit the lotto, I just hit the lotto
(Jackpot, got the right 7 digits)
I just hit the lotto, I just hit the lotto
(Jackpot, got the right 7 digits)
I just hit the lotto
