

# When Will I See You Again?

## Nytrix & Neon Hitch

### VERSE 1

Don't know why  
Keep coming back to you  
You are the rhythm in my head  
All this time  
You know I wanted you  
Keep thinking about what you said

PRE-CHORUS

I dont wanna let you  
I dont wanna let you go  
You know its hard to forget you  
You know your hard forget  
Ooo Ooo Ooo Ooo

CHORUS

Here we are tonight  
Just said hello and can't say goodbye  
All i need is you  
Darling here by my side  
When i'm around you i can't catch my breathe  
Give you my all till theres nothing left  
Babe dont waste my time  
Just tell me when will i, see you again?

VERSE 2

You and i

Can make a memory  
If you let it come live  
Don't hold back  
Fear is the enemy  
I see me inside your eyes

PRE-CHORUS

I dont wanna let you  
I dont wanna let you go  
You know its hard to forget you  
You know your hard forget  
Ooo Ooo Ooo Ooo

CHORUS

Here we are tonight  
Just said hello and can't say goodbye  
All i need is you  
Darling here by my side  
When i'm around you i can't catch my breathe  
Give you my all till theres nothing left  
Babe dont waste my time  
Just tell me when will i, see you again?
