

HMU (feat. Childish Major)

Arin Ray

[Intro:]

Ah-ah, ah-ah

Ah-ah, ah-ah

[Arin Ray:]

I was doing good for some time 'til you hit me up

'Cause everything was right there in my eyes 'til you hit me up

But I been tryna get that for some time, then you hit me up

No, I couldn't resist that, uh-uh, couldn't give it up

Didn't know that you'd fuck it up

I like that, girl

'Cause you got it, baby

But hold on

I need to keep you off of me

I can't keep doing this run around, 'cause

I was doing good for some time 'til you hit me up

'Cause everything was right there in my eyes 'til you hit me up

But I been tryna get that for some time, then you hit me up

No, I couldn't resist that, uh-uh, couldn't give it up

Didn't know that you'd fuck it up

Baby, sometimes I wanna love you, uh

Sometimes I wanna love you, yeah

Sometimes I wanna love you

But, ayy, sometimes I need it all, yeah

Ayy, sometimes I want it, oh yeah

Ain't nothin' better, oh yeah

I'm gonna bust down everything around

See you sittin' on a bus

[Childish Major:]

Yeah, back when I was pitchin', you wasn't gettin' the vision

Then I gave you disses and now you cravin' attention

Feel good to see your name back in my call log

But if I scroll down, it's like 10 more broads

What? Ayy

Childish so childish, Childish still get nudes (Still get nudes)

And I delete 'em all if a nigga could have you (Yeah)

Never been committed to nothing but tattoos (Nah)

Hittin' it from the back like "Who the fuck this dude?" (Huh?)

Then I'm runnin' fast like "Who the fuck are you?" (Fuck are you?)

She a animal, man eater out the zoo (Out the zoo)

Send her outta here lookin' for the next fool

Send her outta here lookin' for the next fool

[Arin Ray:]

I was doing good for some time 'til you hit me up
'Cause everything was right there in my eyes 'til you hit me up
But I been tryna get that for some time, then you hit me up
No, I couldn't resist that, uh-uh, couldn't give it up
Didn't know that you'd fuck it up

Baby, sometimes I wanna love you, uh

Sometimes I wanna love you, yeah

Sometimes I wanna love you

But, ayy, sometimes I need it all, yeah

Ayy, sometimes I want it, oh yeah

Ain't nothin' better, oh yeah

I'm gonna bust down everything around

See you sittin' on a bus
