

# Pork Soda

## Glass Animals

Pineapples are in my head  
Got nobody 'cos I'm brain dead  
Pineapples are in my head  
Got nobody 'cos I'm brain dead  
Somewhere in South End when you were fun  
You took my hand and you made me run  
Up past the prison to the seafront  
You climbed the cliff edge and took the plunge  
Why can't we laugh now like we did then?  
How come I see you and ache instead?  
How come you only look pleased in bed?  
Let's climb the cliff edge and jump again  
Pineapples are in my head  
(Pineapples are in my head)  
Got nobody 'cos I'm brain dead  
(Got nobody 'cos I'm brain dead)  
Somebody said that I'm a fuckin' slum  
Don't know that I belong  
Maybe you're fucking dumb  
Maybe I'm just a bum  
Maybe you're fucking scum  
Don't you go psycho chum  
I want you for the world  
I want you all the time  
Pineapples are in my head  
(when you were fun)  
Got nobody 'cos I'm brain dead  
(you made me run)  
Pineapples are in my head  
(to the seafront)  
Got nobody 'cos I'm brain dead  
(she took the plunge)  
5000 footsteps in your wet dress  
Back to the house with your arms around my neck  
We drank pork soda with tangled legs  
I won't forget how you looked at me then  
I know I'm no sweet prince of love  
Those times that we got drunk  
Maybe Jamaica rum  
Maybe some Jonnie Dub  
Maybe you still think of us  
Phone buzz, and still I jump  
Why don't I say it then?  
I want you all the time  
Why can't we laugh now like we did then?  
How come I see you and ache instead?  
How come you only look pleased in bed?  
Let's climb the cliff edge and jump again  
Pineapples are in my head

(Pineapples are in my head)  
Got nobody 'cos I'm brain dead  
(Got nobody 'cos I'm brain dead)  
Pineapples are in my head  
(Pineapples are in my head)  
Got nobody 'cos I'm brain dead  
(Got nobody 'cos I'm brain dead)Pineapples are in my head  
(Pineapples are in my head)  
Got nobody 'cos I'm brain dead  
(Got nobody 'cos I'm brain dead)Pineapples are in my head  
(Pineapples are in my head)  
Got nobody 'cos I'm brain dead  
(Got nobody 'cos I'm brain dead)
