A Seat

Arin Ray

Have a seat
I've been waiting for you
NaturallyThis is what I should doSo happily
I've been saving for you
So have a seat
She's been waiting (She's been waiting)Lord knows what I want to do in the morning
Wake up, make love for a moment
Know that you been needin' it bad, and it's yours baby
So I'm 'bout to take you downOh, I'm bout to put you in the right place
Open up Pandora, get a nice taste
The way I'm touchin' you, the way I'm f-ckin' you
Doin' the things that we do, 69, dinner for two (Ooh)
Yeah, you should know, yeah, you should know
Just how it feels when I don't have you home
Leave your legs upright, come live your best life
Take it from me, babyHave a seat (Have a seat)
I've been waiting for you (I've been waiting for you)
Naturally (So naturally)
This is what I should do (I should do, baby)So happily (Have a seat)
I've been saving for you (I've been saving for you, baby)
So have a seat (Yeah)
She's been waiting (She's been waiting for you)She should tell me, how you're gonna please me, yeah yeah
I'ma set this house ablaze, long f-ckin' hours babe
All to see your smiling face
That'll be the only way to change places
Yeah, you should know
Just how it is when I don't have you home
Leave your legs upright, gonna live your best life
Take it from me baby, yeahHave a seat (Have a seat)
I've been waiting for you (I've been waiting for you)
Naturally (Naturally)
This is what I should do (What a man should do)So happily (Happily)
I've been saving for you (Saving for you, yeah)
So have a seat (Have a seat, baby)
She's been waiting (She's been waiting for you, oh)
