

# Love Alone Is Worth the Fight

## Switchfoot

[Verse 1]

I'm trying to find where my place is  
I'm looking for my own oasis  
So close I can taste this  
The fear that love alone erases  
So I'm back to the basics  
I figure it's time I face this  
Time to take my own advice  
Love alone is worth the fight

[Verse 2]

And I never thought it'd come to this  
But it seems like I'm finally feeling numb to this  
The funny thing bout a name is  
You forget what the reason you were playing the game is  
And it's all an illusion  
A 21st century institution  
So I'm heading down the open road unknown

[Pre-Chorus]

And we find what we're made of  
Through the open door  
Is it fear you're afraid of?  
What are you waiting for?

[Chorus]

Love alone is worth the fight  
Love alone is worth the fight

[Verse 3]

We're only here for a season  
I'm looking for the rhyme and reason  
Why you're born why you're leaving  
What you fear and what you believe in  
Why you're living and breathing  
Why you're fighting it and getting it even  
Let's go headed down the open road unknown

[Pre-Chorus]

And we find what we're made of

Through the open door  
Is it fear you're afraid of?  
What are you waiting for?

[Chorus]

Love alone is worth the fight  
Love alone is worth the fight

[Bridge]

Here we are here we go  
Where the road is our own  
Feel it calling you home  
Here we are here we go

[Chorus]

Love alone is worth the fight  
Love alone is worth the fight  
Love alone is worth the fight  
Love alone is worth the fight  
Love alone is worth the fight
