

The Kind of Woman I Got

The Osborne Brothers

You ain't the kind of a woman I wanted
But you're the kind of a woman I got

Well the very first thing in the morning is Get up
The last thing I hear every night is Shut up
I have found out my own cooking don't taste too hot
You ain't the kind of a woman I wanted
But you're the kind of a woman I got

Well, when I'm around the house you're always fussin'
Nothing pleases you and you start cussin'
I put up with you and that's a heck of a lot
You ain't the kind of a woman I wanted
But you're the kind of a woman I got

If I had any sense at all I'd go crazy
But that would do you too much good so I'm not
Your mama and your daddy both told me you was lazy
You ain't the kind of a woman I wanted
But you're the kind of a woman I got

If I had any sense at all I'd go crazy
But that would do you too much good so I'm not
Your mama and your daddy both told me you was lazy
You ain't the kind of a woman I wanted
But you're the kind of a woman I got
