

# Trail of Tears

Juice Newton

I've seen shadows  
I've seen shine  
I know what is and what is not mine  
I've seen glitter  
I've seen gold  
I've heard everything that I've been told I said I  
Don't wanna spend my lifetime walking  
Down the trail of tears  
I said I  
Don't wanna spend my lifetime walking  
Down the trail of tears  
Trail of tears  
Taking my stand  
Think it's time  
Tired of letting you play with my mind  
Love's gonna be a little  
Once so sweet  
Think I'm gonna stand on my own two feet I said I  
Don't wanna spend my lifetime walking  
Down the trail of tears  
I said I  
Don't wanna spend my lifetime walking  
Down the trail of tears  
Trail of tears  
Nobody here is wasting my time  
You barely notice  
Unless there's nothing's gone  
True love has gone  
Nobody wants to throw it away  
Why bother? I'm here to stay  
Or then gone  
True love has gone I've seen shadows and I've seen shine  
I've been here and now I'm wasting my time  
Scared of you  
Scared of me  
Scared of letting my future be I said I  
Don't wanna spend my lifetime walking  
Down the trail of tears  
I said I  
Don't wanna spend my lifetime walking  
Down the trail of tears  
I said I

Don't wanna spend my lifetime walking  
Down the trail of tears  
Trail of tears
