

Already There

Casting Crowns

[Verse 1]

From where I'm standing
Lord it's so hard for me to see
Where this is going
And where You're leading me
I wish I knew how
All my fears and all my questions
Are going to play out
In a world I can't control
Oh, woah

[Chorus]

When I'm lost in the mystery
To You my future is a memory
Because You're already there
You're already there
Standing at the end of my life
Waiting on the other side
And You're already there
You're already there
Woah, woah, woah, woah

[Verse 2]

From where You're standing
Lord, You see a grand design
That You imagined
When You breathed me into life
And all the chaos
Comes together in Your hands
Like a masterpiece
Of Your picture perfect plan

[Chorus]

When I'm lost in the mystery
To You my future is a memory
Because You're already there
You're already there
Standing at the end of my life
Waiting on the other side
And You're already there

You're already there

[Verse 3]

One day I'll stand before you
And look back on the life I've lived
I can't wait to enjoy the view
And see how all the pieces fit
One day I'll stand before you and
Look back on the life I've lived
I can't wait to enjoy the view
And see how all the pieces fit
One day I'll stand before you
Look back on the life I've lived
Because You're already there
You're already there

[Chorus]

When I'm lost in the mystery
To You my future is a memory
Because You're already there
You're already there
Standing at the end of my life
Waiting on the other side
And You're already there
You're already there

[Outro]

You're already there
