

Good Thing Gone

Elle King

[Verse 1]

Never wanted to let you down

Never wanted us to fight

Oh, sweet love o' mine

I guess this goodbye to you and I [Verse 2]

Time is a stubborn affair

The distance was too much to bear

Oh, with a heavy heart

I must leave the one I love [Chorus]

We could've tried a bit harder, mm

I could've practiced more patience, mm

Look at this good love we've wasted

Another good thing gone

[Verse 3]

Neither one of us is wrong

Neither one of us is right

I never fully have faith, you see

'Cause I always knew you'd fall out of love with me [Chorus]

We could've tried a bit harder, mm

I could've practiced more patience, mm

Look at this good love we've wasted

Another good thing gone [Bridge]

So why should I change?

If love always ends this way

[Chorus]

You couldn't put down that ashtray

I couldn't get that shit passed me

We could've tried a bit harder, mm

But I just ain't got that much patience, mm

Look at this good love we've wasted

Another good thing gone
