

# Want You (feat. Eric Benét)

[Mariah Carey](#)

It's just the way  
It's just the way I want you baby, oh, so bad  
It's just the feeling that comes over me, oh  
I had a crush on you  
Painstakingly I would conceal the truth  
You probably always knew  
But I was timid like a child, inhibited and way too shy  
I'd glance but then avert my eyes  
All twisted up in my desire  
But I am not that girl today  
Ain't got a lot of time for games  
I've waited and I've waited now  
It's time for me to tell you 'bout the way  
It's just the way I want you, baby, oh, so bad  
Every night and everyday, must we hesitate  
It's just the feeling that comes over me  
I cannot alleviate, please don't make me wait  
It's just the way I want you baby, oh, so bad  
Every night and everyday, day  
Baby I was so into you  
Now I wonder why I never pursued you  
You're the way I wanted to, oh, no  
Kiss me and touch me and immerse your love in mine  
I'll keep unraveling as we explore our fantasies tonight  
Tell me what you like  
Now show me what you like  
It's just the way I want you baby, oh, so bad  
Every night and everyday  
It's just the feeling that comes over me  
I cannot alleviate, please don't make me wait  
It's just the way I want you baby, oh  
Why it's just the way?  
Oh, it's just the way, I feel 'bout you every night and day  
Oh, it's just the way, I can feel 'bout you every night and day  
Oh, it's just the way, I feel 'bout you every night and day  
It's just the way I want you, baby, oh,  
so bad  
Every night and everyday, must we hesitate  
It's just the feeling that comes over me  
I cannot alleviate, please don't make me wait  
It's just the way I want you baby, oh, so bad  
Every night and everyday, day
