

# Simple

Jordan Feliz

Could it be that simple?  
That You love me, and that's it  
And we only need a little  
A little bit of faith that's Heaven-sent  
So I open up my mouth and  
Show Your kids what You're about  
And keep it simple, yeah  
Don't wanna mix up Your words with mine  
Wanna live to reflect Your light  
Give me You, give me truth, and the rest will fall in line  
Don't want my pride to get in the way  
Of the love that You give away  
Give me You, give me truth, that the cross can save us all  
It's really that simple, oh  
Simple, oh  
Simple, oh  
Simple  
Could it be that easy?  
That Your love for me is perfect  
It seems so crazy that in my dirt You call me worth it  
So I'll give my all to You, yeah, You're the choice I'll always choose  
For me it's that simple, yeah  
Don't wanna mix up Your words with mine  
Wanna live to reflect Your light  
Give me You, give me truth, and the rest will fall in line  
Don't want my pride to get in the way  
Of the love that You give away  
Give me You, give me truth, that the cross can save us all  
It's really that simple, oh  
Leave it up to me to make it harder than it should be  
There's no smoke and mirrors with You  
Leave it up to me, yeah, to make it far too hard to see  
That it's so simple with You, yeah  
I don't wanna mix up Your words with mine  
Wanna live to reflect Your light  
Give me You, give me truth, and the rest will fall in line  
Don't want my pride to get in the way  
Of the love that You give away  
Give me You, give me truth, that the cross can save us all  
Give me You, give me truth, that the cross can save us all  
Give me You, give me truth, give me hope that the cross can save us all  
It's really that simple, oh

Simple, oh  
Simple, oh
