

Pretty Girls

Dierks Bentley

[Verse 1]

There ain't much to do here in this town
When the work is done and the sun goes down
There's a place that we all go
Where it's two for one just to watch the show
Yeah, me and the boys hanging around
Hands in our pockets, getting lost in the crowd

[Chorus]

Watching pretty girls drinking tall boys
Swinging their hips to a country song
Silver cans up in the air
They're singing along, singing' along
Ain't nothing like getting right
Chasing a buzz with a cold bud light
Watching pretty girls drinking tall boys
Pretty girls drinking tall boys, yeah

[Verse 2]

Yeah you ought to see them in summer time
They can't wait to show off those tan lines
Out at a cove that we all know
Where it's string bikinis and tied up boats
Out in the sun all getting baked
Me and the boys kicking back in our shades

[Chorus]

Watching pretty girls drinking tall boys
Swinging their hips to a country song
Silver cans up in the air
They're singing along, singing' along
Ain't nothing like getting right
Chasing a buzz with a cold bud light
Watching pretty girls drinking tall boys
Pretty girls drinking tall boys, yeah

[Bridge]

Call me lazy, drunk, or crazy
But i ain't ever gonna move
Nah, cause you can't beat this view

Pretty girls drinking tall boys
Pretty girls drinking tall boys
Pretty girls drinking tall boys
You got my mind thinking
A pretty girls drinking

[Chorus]

Pretty girls drinking tall boys
Swinging their hips to a country song
Silver cans up in the air
They're singing along, singing along
Ain't nothing like getting right
Chasing a buzz with a cold bud light
Watching pretty girls drinking tall boys
Pretty girls drinking tall boys
Pretty girls drinking tall boys
Pretty girls drinking tall boys

[Outro]

Pretty girls drinking, pretty girls drinking
Pretty girls drinking tall boys
Got my mind thinking
'Bout pretty girls drinking
Swinging their hips to a country song
