

Thrusting (feat. Swae Lee & Future)

Internet Money

Whip fit four or five in it
GPS so you're not misguided (Hey, hey)
Internet Money, bitch
Uh (Yeah), hey (Yeah) Pull up in a whip, fit four or five in it
GPS so you're not misguided
Run with me, you can go where the sky is (Sky is)
Tell me what you want, girl, don't be silent
When you with me, girl, you feel enlightened (Ooh)
Don't be scared, baby, don't be frightened (Ooh, ooh)
Roll another dope, baby, I get the highest (Oh)
I said don't hold back, just enjoy the ride Thrusting, doing it right
I know a nigga can be so conniving (Depriving)
I need your attention undivided (Undivided)
You want the vibe? I can provide it (Provide it)
Thrusting, thrusting (Thrusting)
Busting, she busting (Buss, buss it, buss it)
Pussy so good that I might sing (Ooh)
She a PYT, she a young hot thing
Got me thrusting, the thrust got her bustin'
Got me surfin' through the pussy like a jet-ski
Banana colored rims on the Bentley
Got no key for the ignition woah, woah, woah, woah
Made our own religion, our own rules
Made our own religion, our own rules
I bought her fresh pearls and Chanel Coco
Whatever we gon' do, don't irk my soul
Goin' beyond, beyond, beyond (Go beyond)
Goin' beyond, beyond, beyond (Go beyond)
Goin' beyond, beyond, beyond (PYT)
I done took one off the bench and turned her to a starter
Changing my rings for the quarters (Woah, Freebandz) I ain't falling, but I love that body (I love that)
I ain't falling, but I love me a hottie (What)
Trust me, don't think about it
Cross me, don't think about it
Thrusting, doing it right
I know a nigga can be so conniving (Depriving)
I need your attention undivided (Undivided)
You want the vibe? I can provide it (Provide it)
Thrusting, thrusting (Thrusting)
Busting, she busting (Buss, buss it, buss it)
Pussy so good that I might sing (Ooh)

You're a PYT, she a young hot thing I'm lusting, so follow me (Yeah)
Gyal feisty, shawty feisty (Hey)
And she got class, so that's pricey (Pricey)
This a big, big, big one right here, ya' dig what I'm sayin'? This massive
I fuck her so good that she charge a small fee (Global)
