

DeJa Vu (feat. Maejor)

King Henry

[Chorus]

Everywhere I look

Everywhere I turn

Everything reminds me of you

There is no escape

I can't get away

Of forever deja vu

Voices say you're near

I'm goin' inside

Never felt a love so cruel

Everywhere I look

Everywhere I turn

Everything reminds me of you

[Verse 1]

Can't get you off of my mind, I try to fight it

Your memory is the loudest when it's quiet

Now that you're gone, you got my full undivided, yeah

[Pre-Chorus]

I'm livin' life, but it's not the same

Come back home and I'll make sure you're safe

Deja vu can make you feel the pain

Just wait

And ever since we went different ways

It's really hard for me to be okay

Deja vu can make you feel the pain

Just wait

[Chorus]

Everywhere I look

Everywhere I turn

Everything reminds me of you

There is no escape

I can't get away

Of forever deja vu

Voices say you're near

I'm goin' inside

Never felt a love so cruel

Everywhere I look

Everywhere I turn

Everything reminds me of you

[Verse 2]

When will it end 'cause I can't keep goin' like this?

Get me a sign and I'll find you where you're hiding

Noise in my head, I need a moment of silence, yeah

[Pre-Chorus]

I'm livin' life, but it's not the same

Come back home and I'll make sure you're safe

Deja vu can make you feel the pain

Just wait

And ever since we went different ways

It's really hard for me to be okay

Deja vu can make you feel the pain

Just wait

[Chorus]

Everywhere I look

Everywhere I turn

Everything reminds me of you

There is no escape

I can't get away

Of forever deja vu

Voices say you're near

I'm goin' inside

Never felt a love so cruel

Everywhere I look

Everywhere I turn

Everything reminds me of you
