

Don't Drink the Water (feat. Blake Shelton)

Brad Paisley

Empty house, empty rooms
Empty bottle of Patron
I need to go out but not around here
There ain't nowhere we haven't gone
There's this travel agent that I know
That says Cozumel's real nice
And so he got me a deal on a flight and a room
And little bit of free advice
Don't drink the water
I told him that's okay
I ain't going down to Mexico
To drink the water anyway
Blake, ain't you been there before?
Yeah, I been there a time or two
They got some sweet Senioritas
That are more than glad to meet you
But I'm telling you, boy, whatever you do
Don't drink the water
Okay, okay
I ain't going down to Mexico
To drink the water anyway
Corona or Tecate
My old friend Jose
I ain't going down to Mexico
To drink the water anyway
On this trip, anything I sip
Had better have a kick and a burn
Strong enough to get you off my mind
Pickle my liver and a little grub o' worm
Here we go
Don't drink the water
That's what they say
But I ain't going down to Mexico
To drink the water anyway
No one I know goes to Mexico
To drink the water anyway
