

LOST MY MIND

Elley Duhé

[Verse 1] A pain seeking, strange feelin's takin' over me
Please don't judge me I am acting, acting differently
And you know me, you know Know what's inside
[Chorus] Please always love me
Even though I lo-, I lo-, I lost my mind
Wake up, survive I will get better, yeah, one day at a time
Something ain't right, I lost my mind
But I could get better, one day at a time
[Verse 2] I'm afraid I'll fail ya, but
Damn I always try
Even if I lose some days, I'll never lose my fight
And you know me, you know Know what's inside
[Chorus] Please always love me
Even though I lo-, I lo-, I lost my mind
Wake up, survive I will get better, yeah, one day at a time
Something ain't right, I lost my mind
But I could get better, one day at a time
[Bridge] This is my sad soul
Rocking the down fall
Rocking the beat flow
This is my, this is my sad soul
Yeah, this is my sad soul
[Chorus] Please always love me
Even though I lo-, I lo-, I lost my mind
Wake up, survive I will get better, yeah, one day at a time
Something ain't right, I lost my mind
But I could get better, one day at a time
Please always love me
I lo-, I lost my mind
Wake up, survive I will get better, yeah, one day at a time
Something ain't right, I lost my mind
But I could get better, one day at a time
