

# Scream for My Ice Cream

## Blood On the Dance Floor

She's melting

She's melting

O! o! o! she licked me like I'm ice cream

Dipping with my dipper

We be drinking up the liquor

Party like a birthday

Shake it like an earthquake

Melting like an ice cream cone

Going for her danger zone

Go and suck my lollipop

Sugar sweet cherry topp

Fur shure fit

To legit

Hot spot

Twirk it bitch

Strip it down

Work it up

Baby let me

Fill your cups

O to the m to the m to the g

Sticky messy

Taste my treat

But I love it when you

Scream for my ice cream

Tell me all your dirty dreams

Scream for my ice cream

Well show me what's your fantasies

X2

Lets get this party started!

Drink till we get retarded!

She lick me like an ice cream

Ha! ha! ha! what the fuck

You know that we do it rough

Move your feet to the beat

With this shit this songs complete

Move that body super sweet

Always like an ice cream treat

Got a monster in my pants

And if you ever get the chance

Gunna cram it down your throat

Watch you gasp for air & choke  
I'm gunna jizz all in your face,  
I'm gunna wreck this fucking place  
Pull my hair, smash the chair,  
Break the bed & give me head

Scream for my ice cream  
Tell me all your dirty dreams  
Scream for my ice cream  
Well show me what's your fantasies

X2

Lets get this party started!  
Drink till we get retarded!

She lick me like an ice cream

You can taste my ice cream  
We can be a sweet team x7

Scream for my ice cream  
Tell me all your dirty dreams  
Scream for my ice cream  
Well show me all your fantasies

X2

Lets get this party started!

Drink till we get retarded!

She's melting!
