## Florida Georgia Line

First time I met you, knew I never could forget you, girl  
You always saw the blue skies past the rain clouds in my eyes  
There's music in your laughter from the floor up to the rafters  
You're that happy ever after I've been after my whole life Who knows where I'd be without you?  
No, I just couldn't be without you  
I'll just say "Amen"  
I can count 'em on one hand  
But honey, look there on your finger  
I'd say I'm a lucky man  
God made two lovers out of strangers  
A little house on a little land  
A little creek, a little Jeep  
Same old moon everybody sees  
It sure ain't hard to count your blessings  
Yesterday we celebrated our first year together  
And together still feels better than that first night we met  
I never dreamed that you could be so perfectly created, girl  
He made a perfect angel  
And he made you just for me Who knows where I'd be without you?  
No, I just couldn't be without you  
I'll just say "Amen"  
I can count 'em on one hand  
But honey, look there on your finger  
I'd say I'm a lucky man  
God made two lovers out of strangers  
A little house on a little land  
A little creek, a little Jeep  
Same old moon everybody sees  
It sure ain't hard to count your blessings  
No, I can't count 'em on both hands  
But honey, look here at this picture  
I'd say we're a lucky fam  
I'm thankful to be with you  
A little house on a little land  
Couple kids, two or three  
Same old song that we'll always sing  
It sure ain't hard to count your blessings  
Always take time to count your blessings
