

# Dixon Cider

## Smosh

Sometimes you have bad days  
Days when you think nothing can bring you up.  
But if you got a girl  
You got nothing to worry about.  
Just listen here  
And we'll tell you just what's up. Grab your girl and have some Dixon Cider  
And show her love with your Dixon Cider  
And fill her full with lots of Dixon Cider  
In her mouth hole flowing down inside her.  
Then grab her grandma get some Dixon Cider  
Too old to handle all the Dixon Cider  
And show her family your Dixon Cider In her mouth hole flowing down inside her.  
You might not get it yet  
So I'm gonna tell you again.  
Hey hey! Hey hey! Ho ho!  
Then you can shout it out  
And go tell all your friends.  
Hey hey! Hey hey! Ho ho!  
I love Dixon Cider and I will  
"Til the day that I die  
Oh oh oh oh oh oh oh oh oh oh I would even choose it over  
Uh, um, I guess pie. It makes me feel so good.  
I wanna have more Dixon Cider  
If I don't enough, I'll beg and plead  
'Cause girl you know just what I need  
I'm on a mission for some Dixon Cider  
If your girl don't want it then you best go hide her  
'Cause I'll find her and give her Dixon Cider.  
Push, shove it all down inside her.  
Make her thirst for some Dixon Cider.  
Put it on a string so I can ride her  
All day, everyday. Dixon Cider.  
Can't wait to pour it all inside her. DIXON CIDERERERERERERERERERERERERERERERER!  
I was thirteen when I had my first Dixon Cider.  
I had so much; when I'd talk, I would slur.  
Parents didn't like it; there was nothing they could do.  
Then my mama tried it; she started slurring too.  
My dad said, "No more Dixon Cider until you're older." I said, "Hell no!" So I ran him over  
with a boulder  
And now my ass is stuck in this crappy foster care.  
Can anyone save me from this killer bear?!  
No no, get away from me bear! No no! AHAHAHAHAHAHAHAH!

AHAHAHAHAHAHAHAH!

It don't matter who you are: white, black, Asian, or Hispanic

There's no need to panic; you know this shits organic.

If you don't get enough, it can make you go nuts.

Grab your Dixon Cider; wash it down with donuts.

Grab your girl and get some Dixon Cider. Sweet sweet love you will provide her.

Fill her full with lots of Dixon Cider.

In her mouth hole flowing down inside her.

Then shower her with Dixon Cider

With all your clothes on that's what I prefer. Show your love with Dixon Cider.

Push and shove it all down inside her.

So that's the deal and we hope you understand.

We want the whole world with Dixon Cider in its hand.

If you're wondering what this song is really all about

We're talking about shoving penis in your mouth.

Oh oh oh oh ah! Oh oh oh ah! Oh oh oh oh ha! Oh oh oh oh yeah!
