

# Remember (feat. The Presets)

Steve Angello

Remember when you had a dream  
Remember when you had a heart  
Remember when it was so simple  
This world, my fault, could ever scar  
Remember when you fell in love  
Remember when it fell apart  
Remember when you saw some more of love  
You swore you'd never stop  
But now you're on your own x4  
Remember that you've had a heart  
(But now you're on your own x3)  
Remember when you sold your dreams for nothing  
I've been thinking 'bout that so long  
Keep running up a hill, fight back, don't stop, oooh  
Don't you throw your head in the air  
I'd rather cherish all  
Everything that I own  
Then dreaming 'bout something that I've never had  
Remember when you had a dream  
Remember when you had a heart  
Remember when it was so simple  
This world, my fault, could ever scar  
But now you're on your own x4  
But now you're on your own x4  
But now you're on your own  
But now you're on your own  
But now you're on your own...
