

# It's All Love

Anderson .Paak, Justin Timberlake, Mary J. Blige & George Clinton

[Intro]

(Oh, oh, oh)

(Yeah)

[Verse 1]

Started off a team  
Ballin' 'til we get the ring  
We wanna compete  
But it's the weekend  
We should link and party  
'Til I need some ice on my knees  
Chillin' with my niece, cousins, aunties  
Come on everybody  
What you bringin' to the potluck? I'm excited  
Everybody got a spot, love, you're invited  
Hate is just lost love  
So they hidin'  
Never know, try it  
You just might like it

[Chorus]

First, it was all love  
Hands up, super star love  
That you can have it, you can have it all, love  
But then you took it, took it all, love  
All love  
Turn it up louder  
Sing along, get the crowd up  
But then you took it all, love  
Then forgot all about us, but it's all love  
(Oh, but it's all love)

[Verse 2]

Congratulations

You finally turned from the wrong station  
Thank you for y'all's patience  
I'll try not to make this a long statement  
Mama said I shouldn't swear  
So I'ma just put this on Dayton's  
Nobody's born hatin'  
Nobody's born fake  
Why we fightin' over something we can all make?  
That's stingy love

I'm just givin' love  
Ain't no givin' up  
If you alive, only thing to do is live it up  
[Pre-Chorus]  
I know you like that (Like that)  
I know you really, really like that (Like that)  
I know you not gon' do me like that  
Give it to you, bring it right back

[Chorus]  
First, it was all love  
Hands up, super star love (Stars up)  
That you can have it, you can have it all, love  
(You can get it how you want)  
But then you took it, took it all, love  
All love  
Turn it up louder (Turn it up louder)  
Sing along, get the crowd up (Get the crowd up, come on)  
But then you took it all, love  
Then forgot all about us, but it's all love  
(Oh, but it's all love)

[Post-Chorus]  
I feel you  
Sounds good in my ear when I hear it like that  
I feel you  
I say I look good to the mirror and it says it right back  
I feel you  
A little love wouldn't kill you (A little love wouldn't kill you)  
You really did me wrong, it was real cruel (It was real cruel)  
(Yeah) Had a lot of love and I still do 'cause I feel you

[Bridge]  
What you bringing to the potluck? You're invited  
Lemme get a lil' rice, put it on the side  
With a lil' love on it (I need some love)  
What, you put a rub on it? I can't get enough  
I ain't never had nothin' like this  
What you bringing to the potluck? You're invited  
Lemme get a lil' rice, put it on the side  
With a lil' love on it  
What, you put a rub on it?  
I can't get enough  
I can't get enough, uh

[Chorus]  
First it was all love (First, it was love)  
Hands up, super star love (Hands up, super star love)  
That you can have it, you can have it all, love  
(You can get it how you want)

But then you took it, took it all, love  
All love  
Turn it up louder (Turn the music up)  
Sing along, get the crowd up (Oh, get the crowd up)  
But then you took it all, love (Took it all, love, come on)  
Then forgot all about us, but it's all love

[Post-Chorus]

I feel you  
Sounds good in my ear when I hear it like that  
I feel you  
I say I look good to the mirror and it says it right back (Oh)  
I feel you  
A little love wouldn't kill you (A little love wouldn't kill you)  
You really did me wrong, it was real cruel (It was real cruel)  
(Yeah) Had a lot of love and I still do 'cause I feel you  
I feel you  
Sounds good in my ear when I hear it like that  
(Sounds so good)  
I feel you  
I say I look good to the mirror and it says it right back (Oh)  
I feel you  
A little love wouldn't kill you (A little love wouldn't kill you)  
You really did me wrong, it was real cruel (It was cruel)  
Had a lot of love and I still do 'cause I feel you
