

Soldiers

Drowning Pool

On your feet, whos with me?
On your feet, whos with me? RightOne world, made better
In sleight, hard bitter
There is no compromise
Your pain, your worth, your sacrificeOn your feet, whos with me?
On your feet, lets goEvery time I see inside you
I see myself within you, lets goWhoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, lets goOn your feet, whos with me?
Lock tide, old strain
Well, it goes in vain
There is no compromise
Your pain, your worth, your sacrificeOn your feet, whos with me?
On your feet, lets goEvery time I see inside you
I see myself within you, lets goWhoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
One for all, were comingEvery time I see inside you
I see myself within you
Don't let that fade awayYour pride inside of me
Your honor inside me
Respect inside of, inside of me, go
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Our soldiers, lets goWhoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, were comingEvery time I see inside you
I see myself within you
Don't let that fade awayEvery time I see inside you
I see myself within you
Don't let that fade away
