## Young Chop

All I care about is money... All I care about is hundreds... Hundreds, Fifties, and Twenties...

All I care about is money...

Hundreds, Fifties, and Twenties...All I care about is money

All I care about is hundreds

All I care about is fifties

All I care about is twenties

All I care about is my wear abouts

All I care about is money  
All I care about is hundreds  
All I care about is fifties

All I care about is my wearabouts  
R.I.P. my niggas they In heaven now  
That's all I care about now I keep them weapons round  
He say he pulling up we gone wet him down...  
That's all I care about
