

I WANNA SEE SOME ASS (feat. JetsonMade)

Jack Harlow

I wanna see some ass
I wanna see some ass
Baby can you do it like that
From the front to the back
She said I don't wanna move too fast 'Til she hit that gas Ciroc and the puff puff pass
Now the whole squad getting fucked up fast She said Jack, where you been at?
On the road but I just got back
And I'm, sill flyier than a bitch
And ya boyfriend well he just not that
And I, don't know how to behave
I'ma tell her be safe
I don't need the pussy
I'ma tell her be safe
I got God with me
And he's telling me things
I wanna see some ass
I wanna see some ass
Baby can you do it like that From the front to the back
She said I don't wanna move too fast
'Til she hit that gas Ciroc and the puff puff pass
Now the whole squad getting fucked up fast I'm just tryna' see something
I ain't gotta say it
'Cause they know where we from
I got some money out the ATM
But i'm gonna keep some
Strip club, pre cum
Off of the liquor fell in love with a stripper
Now I'm asking where she from
As if we gon' be something
I wanna be something
Take my number down
You can hit me if you need something
Said she got three sons
Do you want four? 'Cause I need one
Do you got whores? 'Cause I'll be one
Going all night like the reruns I wanna see some ass
I wanna see some ass
Baby can you do it like that
From the front to the back
She said I don't wanna move too fast
'Til she hit that gas Ciroc and the puff puff pass

Now the whole squad getting fucked up fast
