

No Love

Skip Marley

Oh, woah, oh-oh, ayy I take her bitter wit her sweet
Moon up to sunlight, got what she need (Yeah, yeah, yeah)
Roll down the ends, I make her feel like ah queen
[?] she said It feel like ah dream (Yeah, yeah, yeah)
Cold, cold the way that she be running like she afraid I'm gonna tame her
Maybe it's just exercise, I always see her later (Yeah, yeah, yeah)
I know she a real one, I will never change her nature
She keeps coming back for all the lovin' that I gave her (Yeah, yeah, yeah) Now she say she
want my love
Want my love, want my love
When I was so deep in love
You had no love, had no love
Hmm-hmm, hmm
Yeah, yeah
Hmm-hmm, hmm
Yeah, yeah
Hmm-hmm, hmm
Yeah, yeah
Hmm-hmm, hmm
Yeah Born from out the belly of the beast
Nowhere to run, gonna search for my peace
She said Skip it, you just wanna love me and leave
I said Baby, I just wanna love and repeat (Yeah, yeah, yeah)
Cruel world, this ain't the garden of Eden
Stay very vigilant of the grass every season (Yeah, yeah, yeah)
Mi nah switch up, mi nah bend, mi nah lean
It's a stick up, stick up
I'm a victim, victim, once again (Yeah, yeah, yeah)
Now she say she want my love
Want my love, want my love
When I was so deep in love
You had no love, had no love Hmm-hmm, hmm
Yeah, yeah
Hmm-hmm, hmm
Yeah, yeah
Hmm-hmm, hmm
Yeah, yeah
Hmm-hmm, hmm She love the naughty boy
Badmon, yaard boy
She wanna push my love away (Yeah, yeah, yeah)
She scared to roll with me
She scared to show me

She wonder why I cannot stay (Yeah, yeah, yeah)
She can't deny it, when we catch a fire
When we touch, it turn to a flame (Yeah, yeah, yeah)
She so controlling, love and pain
She play a dangerous game (Yeah, yeah, yeah) Hmm-hmm, hmm
She play a-
She play a dangerous game
Hmm-hmm, hmm
She play a-
She play a dangerous game
