

She Is

Lady Antebellum

[Verse 1]

She hails from Boston
She hates the sound that goodbyes make
She loves Sundays and champagne
She can't stand the winter
She can't stand anything that she can't change
Oh, that she can't change

[Chorus]

She is whatever she wants to be
She is a little of everything
Mixed up, so tough in a beautiful way
She's got the world in her fingertips
And she makes beauty look effortless
And I want everything she is, she is, she is
Oh, I want everything she is
Oh

[Verse 2]

Well, we talk for hours
But she wrote the book on hard to get
No, it don't matter what I say
I could buy her flowers
That's just too cliché to impress a girl like her
But you know, I kinda like it that way

[Chorus]

She is whatever she wants to be
She is a little of everything
Mixed up, so tough in a beautiful way
She's got the world in her fingertips
And she makes beauty look effortless
And I want everything she is, she is, she is, she is

[Bridge]

Oh, she is all I think about
And I can't do without
The good, the bad, the somewhere in-between
Oh, 'cause I want everything

[Chorus]

She is
Whatever she wants to be
She is a little of everything
Mixed up, so tough in a beautiful way
She's got the world in her fingertips
And she makes beauty look effortless
And I want everything she is, she is, she is
I want everything she is, she is, she is

[Outro]

Oh, mixed up, so tough
She's got a little of everything
And I can't get enough
She hails from Boston
She hates the sound that goodbyes make
